Miniature pressure gauge

Model: P235S - 316SS Internal P235B - Brass Internal

Spec. sheet no. PD02-05

Service intended

P235S and P235B series are miniature gauges. These gauges are designed to be installed in the narrow and the tight places where regular pressure gauges cannot be installed. Therefore, these gauges are useful for installation on small machines such as positioners. It shows the excellent performance where severe vibration is present.
